### **Structure, Governance and Management**

#### **Constitution**

The Academy Trust is a company limited by guarantee and an exempt charity. The charitable company's Memorandum and Articles of Association dated 13 February 2013 are the primary governing documents of the Academy Trust. The Directors of The Bishop Wheeler Catholic Academy Trust are also the directors of the charitable company for the purposes of company law. The charitable company is known as The Bishop Wheeler Catholic Academy Trust.

The Bishop Wheeler Catholic Academy Trust is made up of six academies:

St. Mary's Menston, a Catholic Voluntary Academy

St. Joseph's Catholic Primary School Otley, a Voluntary Academy

Ss. Peter and Paul Catholic Primary School, a Voluntary Academy

Sacred Heart Catholic Primary School, a Voluntary Academy

St. Mary's Horsforth Catholic Voluntary Academy

St. Joseph's Catholic Primary School Pudsey, a Voluntary Academy

Details of the Directors who served during the year are included in the Reference and Administrative Details on page 2.

#### **Members' Liability**

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, as required in the Trust's Funding Agreement/Articles of Association, for the debts and liabilities contracted before they ceased to be a member.

#### **Directors' Indemnities**

Indemnity for the claims made against the Directors of the Academy Trust as a result of undertaking everyday authorised activities on behalf of the Academy Trust is in place at a level of £5,000,000 and is reviewed annually as part of the whole Trust review of insurances.

#### **Method of Recruitment and Appointment or Election of Directors**

- Foundation Directors - (10) appointed by the Diocesan Bishop, following an application process throughout the Diocese and in particular within the Parishes which are served by the Academies within the Trust. Directors are selected in order to provide a broad range of skills and experience and be supportive of Catholic education within the Diocese. They must all be practising Catholics. The Foundation Directors shall always be two more than the total number of other Directors.
- Parent Directors - (2) Elected by and from all the parent governors serving on all the Academy Councils, of all the Academies of the Trust, at the time of their election. There shall always be 2 Parent Directors for every 10 or fewer academies.
- Principal Directors - (4) Elected by and from all the Principals of all the Academies within the Trust at the time of election. There shall always be at least one principal from a Secondary and one from a Primary academy. Any Executive Principal shall be a Director as long as s/he remains in office.
- Staff Directors - (2) Elected by and from all the staff governors serving on all the Academy Councils of all the Academies of the Trust, at the time of their election. However, the Trust Board, now established, will determine the criteria for the election of future Staff Directors, as outlined in the Articles of Association.

## DIRECTORS' REPORT

---

The term of office for any Director is 4 years and subject to remaining eligible as outlined above, Directors may be reappointed. Upon the resignation of any Director a replacement will be appointed or elected as outlined above.

### **Policies and Procedures Adopted for the Induction and Training of Directors**

All Directors have access to and are taking advantage of training provided by both the Diocesan Education Office and Leeds and Bradford LAs. Directors are sharing experience and skills as a group and individually where appropriate. The Diocesan Director of Education provides advice and support. A targeted training programme is being developed and induction schemes will be implemented as required.

### **Organisational Structure**

The Trust currently consists of 6 academies; 1 secondary school and the 5 partner primary schools. The Trust Board is responsible for the strategic direction of the Trust and has overall responsibility for standards, finance and estate. The Trust has Finance and Audit Committees to support this role, who normally meet jointly, but separately where appropriate. Other subcommittees may be established as the need is identified. The Trust is also the Admissions Authority and employer for all the Academies within the Trust. The executive leadership and direction is via the Headteachers' Group, which consists of all the Headteachers from all the Academies within the Trust.

The Accounting Officer is the Headteacher of the secondary school.

The Trust is based upon the principle of subsidiarity, with decision making delegated to the most appropriate level. Each Academy has an Academy Council consisting of foundation, parent and staff governors. The organisation of the Academy Councils and their relationship with the Trust Board are outlined in the "Scheme of Delegation". Each Academy Council has agreed and signed the scheme of delegation.

There is a shared central function for business management, finance and HR. All appointments, except Head and Deputy Headteachers are made locally. Admissions policies and numbers are set by the Diocese in conjunction with the Trust, but administered locally. We are in the process of aligning all statutory policies throughout the Trust and in line with the Catholic Education Service.

### **Connected Organisations including Related Party Relationships**

The Bishop Wheeler Catholic Academy Trust is part of the Diocese of Leeds and works closely with both the Diocesan Education Office and all Catholic schools and Academies within the Diocese. Each individual Academy within the Trust also works closely with our neighbouring schools and communities as well as with our 2 local Authorities: Leeds and Bradford.

Each Academy also works with a number of local, national and international charities and organisations in pursuit of the activities as defined in the "Object" of the Trust.

### **Risk Management**

The charity trustees have considered the major risks to which the charity is exposed and have reviewed those risks and established systems and procedures to manage those risks.

### **Objectives and Activities**

#### **Objects and Aims**

The Trust, through its member Academies and wider Trust Board aims to provide a world class Catholic education to the young people and families within the area in conjunction with and as directed by the Diocese of Leeds. The academies within the Trust work together to develop this provision in line with Gospel values and with due regard to the Catholic Church in order to provide the best possible opportunities for all our young people and families. These objects and aims are outlined in the Articles of Association, Schemes of Delegation and the School Development Plans for each Academy.

## DIRECTORS' REPORT

The Catholic Education Service application form is used by all individual academies and complies with the Equality Act 2010. A 'reasonable adjustment' statement is included in application packs. The Trust's Equality and Diversity Policy and Plan is under review for 2014-15, awaiting updated guidance from Leeds City Council. Each academy has an individual Accessibility Policy and Plan.

The Headteachers meet every half term to discuss aspects of the Trust's Development Plan. The financial current and projected position is reported through the Headteacher's Forum, Trust Finance and Audit Committee and Trust Board. The Trust website is updated regularly with key news and developments. Trust staff meet as a group twice each year for Mass. The Trust Board is committed to maintaining and developing a systematic provision of employee information, through approved Trust policies, appropriate consultation for change, consistent advice from the Trust central office, thereby achieving a common awareness of the Trust's overall performance.

### Going Concern

After making appropriate enquiries, the Board of Directors has a reasonable expectation that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future. For this reason it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

## DIRECTORS' REPORT

---

### **Financial Review**

The principal source of funding is the general annual grant (GAG) allocated by the EFA. £9,618,798 was received for the year (note 3) – an estimated 1.5% increase on the previous year (the actual accounting period was 6 months) which reflects the stability of all individual academies' pupil numbers. The high school and one primary school have increased pupil numbers. Other government grants, such as the Pupil Premium, have been received in line with pupil eligibility for free school meals over the past six years. Each Academy generates their own income, for example through their catering functions, community use, extended services provisions. Total funding received for the Academy Trust's educational operations is £10,914,751 representing an estimated 4.75% increase on the previous year. Resources expended (note 4) reflect a similar percentage increase in costs on the previous year and so can be considered to be in line. Individual budgets are established and approved in line with individual school improvement plans - approved by individual Academy Councils then recommended to the Trust Board for approval. Budgets are monitored and reported to individual finance sub committees at least three times a year where the ongoing financial position is scrutinised. Reports from these meetings are fed back to Academy Council and Trust Board. The Trust's Risk Register is monitored and reported at regular intervals.

### **The Risk and Control Framework**

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Directors;
- regular reviews by the Finance and Audit Committees of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines;
- delegation of authority and segregation of duties;
- identification and management of risks.

The Board of Directors has considered the need for a specific internal audit function and are in the process of establishing a peer review system with a sister Multi Academy Trust.

Any remedial actions required will be evaluated and reviewed ongoing.

### **Reserves Policy**

Excluding the pension scheme liability and fixed asset fund, the Academy funds carried forward as at 31 August 2014 are a surplus of £784,252 (2013 £659,177), split between general restricted funds £242,992 (2013 £68,698) and unrestricted funds £541,260 (2013 £590,479).

The general restricted funds balance relates to unspent grants from DfE/EFA that are allocated against projects that will take place within the next 12 months.

It is the intention of the Trustees that unrestricted funds are substantial enough to cover the Academy's normal operating expenditure for the next month to ensure protection against both foreseen and unforeseen events which would place a strain on the day to day running of the Academy. Each Academy may choose to build up additional reserves to fund capital projects and to cover the cost of significant property maintenance.

The fixed asset funds are represented by fixed assets with a carrying value of £9,499,722 (2013 £9,812,738).

The Trust's pension scheme liability at 31 August 2014 amounted to £1,357,000 (2013 £1,492,000). This liability does not have an immediate impact on cash flow, but may result in increased contributions in future years. Parliament has agreed, that at the request of the Secretary of State for Education, to guarantee that in the event of an academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education.

## DIRECTORS' REPORT

---

### Investment Policy

Investment decisions will be considered and authorised by the Finance Committee. A register of investments will be held as appropriate, ensuring social, environmental and ethical considerations are taken into account.

### Principal Risks and Uncertainties

The principal risk is reduction in government funding. General uncertainty over the future of funding streams is addressed by keeping informed of the latest government policies and initiatives for education and responding accordingly at Trust level. A key objective for all academies is to undertake capital bids in order to maintain and expand the buildings to create the additional capacity required for existing numbers and projected long-term increases in pupil admissions.

### Plans for Future Periods

Directors are developing a strategic plan across all the Academies. This builds upon the individual school development plans of each Academy as well as a wider view of the need to provide high quality Catholic education which can be available to all the families within our area.

The greatest challenges are maintaining and developing dated buildings, providing additional school places as required and continuing to offer high quality education against shrinking budgets. St Joseph's Pudsey is expanding to 1.5 form entry in September 2015. The expansion building work is due to commence in January 2015. We will look to develop central provision where this is most appropriate and cost effective, whilst maintaining the principle of subsidiarity. The Trust will develop as a model for the provision of the best Catholic education, support other Catholic schools and develop future Catholic teachers and school leaders.

### Auditor

Baker Tilly UK Audit LLP has indicated its willingness to continue in office.

### Statement as to disclosure of information to the auditor

Insofar as the Directors are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware; and
- the Directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

The Directors' Report and the Strategic Report (including therein) is approved by order of the board of directors at the Audit and Finance Committee Meeting on 16 December 2014 and signed on its behalf by:

**Caroline Hyde**  
Chair of the Trust

## GOVERNANCE STATEMENT

### Scope of Responsibility

As Directors we acknowledge we have overall responsibility for ensuring that The Bishop Wheeler Catholic Academy Trust has an effective and appropriate system of control, financial and otherwise. However such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

During the year ended 31 August 2014 the Board of Directors has delegated the day-to-day responsibility to Thomas Rothwell, Acting Headteacher, St Mary's, Menston, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between The Bishop Wheeler Catholic Academy Trust and the Secretary of State for Education. ### **The Purpose of the System of Internal Control**

The system of internal control, called 'Financial Procedures to Support the Academy Council Scheme of Delegation', is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The generic system of internal control is in place in each Academy, the values of delegated duties tailored to reflect each Academy's needs.

## GOVERNANCE STATEMENT (continued)

---

### **Capacity to Handle Risk**

The Board of Directors has reviewed the key risks to which the Academy Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Board of Directors is of the view that there is a formal on-going process for identifying, evaluating and managing the Trust's significant risks up to the date of approval of the annual report and financial statements. This process is reviewed regularly by the Audit Committee and reported back to the Trust Board.

### **The Risk and Control Framework**

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Directors;
- regular reviews by the Finance and Audit Committees of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- clearly defined purchasing (asset purchase or capital investment) guidelines;
- delegation of authority and segregation of duties;
- identification and management of risks.

The Board of Directors has considered the need for a specific internal audit function and are in the process of establishing a peer review system with a sister Multi Academy Trust.

Any remedial actions required will be evaluated and reviewed ongoing.

### **Review of Effectiveness**

Thomas Rothwell (as accounting officer until 31 August 2014) has had responsibility for reviewing the effectiveness of the system of internal control. The review has been informed by:

- the Trust Group Accountant acting as peer reviewer;
- the work of the external auditor;
- the work of the executive managers within the academy trust who have responsibility for the development and maintenance of the internal control framework.

The Accounting Officer role was handed over to Darren Beardsley, newly appointed Headteacher of the High School, on 1<sup>st</sup> September 2014. Mr Beardsley has been advised of the implications and responsibilities of the role and is fully conversant with the action plan to address any weaknesses and ensure continuous improvement of the systems in place.

Approved by order of the members of the Board of Directors on 16 December 2014 and signed on its behalf by:

**Caroline Hyde**  
Chair of Trust Board

**Darren Beardsley**  
Accounting Officer

Company law requires the Directors to prepare financial statements for each financial year. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. - select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from the EFA/DfE have been applied for the purposes intended.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Approved by order of the members of the Board of Directors on 16 December 2014 and signed on its behalf by:

**Caroline Hyde**  
Chair of Trust Board

## NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 August 2014

---

### **Basis of preparation**

The financial statements have been prepared under the historical cost convention in accordance with applicable United Kingdom Accounting Standards, the Statement of Recommended Practice ('SORP 2005') 'Accounting and Reporting by Charities', the Academies: Accounts Direction 2013 to 2014 issued by the Education Funding Agency and Companies Act 2006. A summary of the principal accounting policies, which have been applied consistently, except where noted, is set out below.

### **Going Concern**

The Directors assess whether or not there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Trust to continue as a going concern. The Directors will make the assessment in respect of a period of one year from the date of approval of each set of financial statements.

### **Incoming Resources**

All incoming resources are recognised when the Academy Trust has entitlement to the funds, certainty of receipt and the amount can be measured with sufficient reliability. The constraints placed on income received will determine whether or not the income is restricted or unrestricted. Unrestricted income can be used for any purpose directed by the Directors in accordance with the objects of the Trust.

### **Grants receivable**

Grant income is included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance Sheet.

The general annual grant ('the GAG') from the DfE, which is intended to meet recurrent costs, is recognised on a receivable basis and is credited directly to the Statement of Financial Activities to the extent of the entitlement of the funds, any abatement in respect of the period is deducted from income and is recognised as a liability.

Capital grants are recognised as voluntary income on a receivable basis to the extent there is entitlement.

Other grants from government agencies and other bodies are recognised in the period in which they are receivable to the extent the conditions of funding have been met. Where income is received in advance of entitlement of receipt its recognition is deferred and included in creditors as deferred income. Where entitlement occurs before income is received the income is accrued.

### **Donations**

Donations are recognised on a receivable basis where there is certainty of receipt and the amount can be reliably measured.

### **Other income**

Other income, including from the hire of facilities, will be recognised in the period it is receivable and to the extent the goods have been provided or on completion of the service.

### **Donated Services and gifts in kind**

The value of donated services and gifts in kind provided to the Academy Trust are recognised at their open market value in the period in which they are receivable as incoming resources, where the benefit to the Academy Trust can be reliably measured. An equivalent amount is included as expenditure under the relevant heading in the Statement of Financial Activities, except where the gift in kind was a fixed asset in which case the amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with Academy Trusts policies.

## NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 August 2014

---

### **Resources Expended**

All expenditure is recognised in the period in which a liability is incurred and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

### **Costs of generating funds**

These are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

### **Charitable activities**

These are costs incurred on the Academy Trust's educational operations.

### **Conversion to an Academy Trust**

The conversion from a state maintained school to an academy trust, involved the transfer of identifiable assets and liabilities and the operation of the school for £nil consideration and has been accounted for under the acquisition accounting method.

The assets and liabilities transferred on conversion from the maintained school The Bishop Wheeler Catholic Academy Trust to an academy trust were valued at their fair value being a reasonable estimate of the current market value that the governors would expect to pay in an open market for an equivalent item. Their fair value is in accordance with the accounting policies set out for The Bishop Wheeler Catholic Academy Trust. The amounts were recognised under the appropriate balance sheet categorised, with a corresponding amount recognised in voluntary income as a gift or as net expenditure in other resources expended in the SOFA and analysed under unrestricted, restricted general and restricted fixed assets funds. Further details of the transaction are set out in note 21.

### **Governance Costs**

These include the costs attributable to the Academy Trust's compliance with constitutional and statutory requirements, including audit, strategic management and Governor's meetings and reimbursed expenses. All resources expended are inclusive of irrecoverable VAT.

### **Tangible fixed assets**

Groups of assets costing £5,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic life. The related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet.

Depreciation on such assets is charged to the restricted fixed asset fund in the Statement of Financial Activities so as to reduce the fund over the useful economic life of the related asset on a basis consistent with the Academy Trust's depreciation policy.

## NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 August 2014

---

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of each asset on a straight line basis over its expected useful lives, as follows:

- long leasehold buildings – over the life of the asset
- leasehold land – 125 years over the life of the lease
- fixtures, fittings and equipment – 20% - 33.33% straight line
- ICT equipment – 25% straight line

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

### **Disposal of Assets**

Up to £500 – authorised by Headteacher

Over £500 – authorised by Academy Council Finance sub-committees

Asset disposal forms will be signed and retained by the Finance Officer.

### **Security of Assets**

Budget holders are responsible for the care, custody and security of the stock and equipment under their control. They will consult the Finance Director when they consider additional security arrangements may be needed. Assets shall not be subject to personal use without authorisation.

### **Leased Assets**

Rentals under operating leases are charged on a straight line basis over the lease term.

### **Stock**

Unsold uniforms and catering stocks are valued at the lower of cost or net realisable value.

### **Taxation**

The Academy Trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Academy Trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

### **Pensions Benefits**

Retirement benefits to employees of the Academy Trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes, are contracted out of the State Earnings-Related Pension Scheme ('SERPS'), until April 2016, and the assets are held separately from those of the Academy Trust.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy Trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective benefit method. As stated in Note 23, the TPS is a multi employer scheme and the Academy Trust is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. The TPS is therefore treated as a defined contribution scheme and the contributions recognised as they are paid each year.

## NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 August 2014

---

The LGPS is a funded scheme and the assets are held separately from those of the Academy Trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the Statement of Financial Activities if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period until vesting occurs. The expected return on assets and the interest cost are shown as a net finance amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in other gains and losses.

### **Fund Accounting**

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy Trust at the discretion of the governors.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the EFA where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received and include grants from the Education Funding Agency.

### **Agency arrangements**

The Academy Trust acts as an agent in the administering of 16-19 Bursary Funds from the EFA. Related payments received from the EFA and subsequent disbursements to students are excluded from the statement of financial activities to the extent that the Academy Trust does not have a beneficial interest in the individual transactions. Where funds have not been fully applied in the year then an amount will be included as amounts due to EFA.

### **Treasury Management Policy**

Treasury management is defined by the Chartered Institute of Public Finance and Accountancy's (CIPFA's) Code of Practice for Treasury Management in the Public Services as the management of the Academy's cash flows, banking, money market and capital market transactions; the effective management of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

The objectives of treasury management are:

- a) to provide a means by which the Academy can meet its commitments;
- b) to ensure that sufficient sums are available at short or no notice to meet foreseeable requirements;
- c) to earn an acceptable rate of return on surplus funds without undue risk;
- d) to spread risk between differing types of investment and institutions.

#### **1. Responsibility**

The Accounting Officer has overall responsibility for the security and management of funds. The day to day management of the treasury function is controlled by the Finance Director.

#### **2. Borrowing of Funds**

Academies are not permitted to borrow without prior permission of the Secretary of State.

NOTES TO THE FINANCIAL STATEMENTS  
for the year ended 31 August 2014

---

3. **Investment of Funds**

A return on working capital should be optimised whilst allowing easy access of the funds. **In balancing risk against return the Academy policy is clearly geared towards avoiding risk than to maximising return.**

Monies surplus to the working requirements shall be invested in an account in the name of the Trust with approved institutions authorised by the Trust.

The Trust will not take out any long term investments until a reliable cash flow pattern has been established. Monies will only be paid into approved bank deposit accounts allowing access to funds within a term not exceeding three months.

The Trustees will ensure that the Trust maintains sufficient reserves to meet unexpected expenditure.

4. **Register of Investments**

The Finance Director will maintain a register of all deposits/investments held which will record:

- institution with which the deposit was made
- date deposit was placed
- amount deposited
- date of maturity
- amount returned
- interest earned
- rate of interest obtained
- authorisation for the transaction

5. **Credit Risk**

Credit risk will be minimised by ensuring that funds are spread across a range of institutions as appropriate. The limits of funds invested with approved institutions will be approved at least annually by the Trust Board and more frequently subject to market conditions.

6. **Cash Flow Forecasts**

The Finance Director and Group Accountant will prepare and present an annual monthly cash flow statement to the Trust Finance Sub Committee at the beginning of each academic year in order to highlight expected cash balances throughout the year that may be invested and give early warning of any need to seek approval to borrow. They will then subsequently maintain a rolling 12 month forecast.

The specific purposes for which the funds are to be applied are as follows:

Restricted general funds have been spent in line with the terms of the Master Funding Agreement.

Restricted fixed asset funds are used solely for capital purchases in line with the strategic objectives of The Bishop Wheeler Catholic Academy Trust.

The restricted pension fund is in deficit to the value of £1,357,000 as at 31 August 2014, which is in excess of the unrestricted funds. However this deficit has been inherited upon conversion to Academy status. The governors will continue to monitor this situation closely.

The transfers between funds of £70,477 relate to assets that have been purchased using GAG income and Unrestricted income that have been capitalised under the fixed asset policy.

Under the funding agreement with the Secretary of State, the academy trust was not subject to a limit on the GAG that it could carry forward at 31 August 2014.

21 CONVERSION TO AN ACADEMY TRUST

In the prior period, St Mary's Catholic Comprehensive School Menston, St Joseph's Catholic Primary School Pudsey, St Mary's Catholic Primary School Horsforth, and St Joseph's Catholic Primary School Otley, Ss Peter and Paul Catholic Primary School Yeadon, and The Sacred Heart Catholic Primary School converted to academy trust status under the Academies Act 2010. All the operations and some of the assets and liabilities were transferred to The Bishop Wheeler Catholic Academy Trust (a company limited by guarantee) from the Leeds Local Authority for £nil consideration. The buildings were also transferred to the Academy Trust from the Diocese of Leeds.

The transfer was accounted for using the acquisition method. The assets and liabilities transferred were valued at their fair value and recognised in the Balance Sheet under the appropriate headings with a corresponding amount recognised as income or resources expended in the Statement of Financial Activities.

## NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 August 2014

### 22 MEMBERS' LIABILITY

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one period after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

### 23 PENSION AND SIMILAR OBLIGATIONS

The Academy Trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by West Yorkshire Pension Fund. Both are defined benefit schemes.

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS was 31 March 2012 and of the LGPS 31 March 2010.

There were no outstanding or prepaid contributions at either the beginning or the end of the financial period.

#### **Teachers' Pension Scheme**

The Teachers' Pensions Scheme ("TPS") is a statutory, contributory, defined benefit scheme. The regulations under which the TPS operates are the Teachers' Pensions Regulations 2010. Retirement and other pension benefits, including annual increases payable under the Pensions (Increase) Acts are, as provided for in the Superannuation Act 1972, paid out of monies provided by Parliament. Under the unfunded TPS, teachers' contributions on a 'pay as-you-go' basis, and employers' contributions, are credited to the Exchequer under arrangements governed by the above Act.

The Teachers' Pensions Regulations require an annual account, the Teachers' Pensions Budgeting and Valuation Account, to be kept of receipts and expenditure (including the cost of pensions' increases). From 1 April 2001 to 31 March 2011, the Account has been credited with a real rate of return (in excess of price increases and currently set at 3.5%), which is equivalent to assuming that the balance in the Account is invested in notional investments that produce that real rate of return.

#### **Valuation of the Teachers' Pensions Scheme**

Not less than every four years the Government Actuary ("GA"), using normal actuarial principles, conducts a formal actuarial review of the TPS. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. Many of these were being discussed in the context of the design for a reformed TPS, and as set out in the Proposed Final Agreement, scheme valuations had been suspended since the last valuation in 2004.

The contribution rate paid into the TPS is assessed in two parts. First, a standard contribution rate ("SCR") is determined. This is the contribution, expressed as a percentage of the salaries of teachers and lecturers in service or entering service during the period over which the contribution rate applies, which if it were paid over the entire active service of these teachers and lecturers would broadly defray the cost of benefits payable in respect of that service. Secondly, a supplementary contribution is payable if, as a result of the actuarial investigation, it is found that accumulated liabilities of the Account for benefits to past and present teachers, are not fully covered by standard contributions to be paid in future and by the notional fund built up from past contributions. The total contribution rate payable is the sum of the SCR and the supplementary contribution rate.

NOTES TO THE FINANCIAL STATEMENTS  
for the year ended 31 August 2014

---

Valuations of the TPS are now required under the Public Service Pensions Act 2013 every 4 years and are required to be carried out in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury.

An actuarial valuation of the TPS in accordance with these Directions was published in June 2014 assessing the TPS as at 31 March 2012. The GA's report revealed that the total liabilities of the Scheme (pensions currently in payment and the estimated cost of future benefits) amounted to £191,500 million. The value of the notional assets (estimated future contributions together with the proceeds from the notional investments held at the valuation date) was £176,600 million. The assumed real rate of return is 3.0% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.75%. The assumed nominal rate of return is 5.06%.

**Employer and employee contribution rates**

As from 1 January 2007, and as part of the cost-sharing agreement between employers' and teachers' representatives, the SCR was assessed at 19.75%, and the supplementary contribution rate was assessed to be 0.75% (to balance assets and liabilities as required by the regulations within 15 years). This resulted in a total contribution rate of 20.5%, which translated into an employee contribution rate of 6.4% and employer contribution rate of 14.1% payable. The cost-sharing agreement also introduced – effective for the first time for the 2008 valuation – a 14% cap on employer contributions payable.

From 1 April 2013 to 31 March 2014, the employee contribution rate ranged between 6.4% and 11.2%, depending on a member's Full Time Equivalent salary and for 2014/15 will range between 6.4% and 12.4%. Thereafter members will be expected to pay an average contribution rate of 9.6%.

The TPS valuation for 2012 determined an employer rate of 16.4% from September 2015 and an employee cost cap of 10.9%, both to be set in regulations. The employer contribution rate will be payable during the implementation period until the next valuation as at March 2016, whereupon the employer contribution rate is expected to be reassessed and will be payable from 1 April 2019.

There will be further reforms and changes to the TPS with a new 2015 scheme.

The pension costs paid to TPS in the period amounted to £654,922 (2013: £309,230)

Under the definitions set out in Financial Standards (FRS 17) Retirement Benefits, the TPS is a multi-employer pension scheme. The Academy Trust is unable to identify its share of the underlying assets and liabilities of the scheme.

Accordingly, the Academy Trust has taken the exemption in FRS 17 and has accounted for its contributions to the scheme as if it were a defined-contribution scheme. The Academy Trust has set out above the information available on the scheme and the implications for the Academy Trust in terms of the anticipated rates.

The Bishop Wheeler Catholic Academy Trust Academy employs a building block approach in determining the rate of return on fund assets. Historical markets are studied and assets with higher volatility are assumed to generate higher returns consistent with widely accepted capital market principles. The assumed rate of return on each asset class is within this note. The overall expected rate of return on assets is then derived by aggregating the expected return for each asset class over the actual asset allocation for the fund at 31 August 2014.

The actual return on scheme assets was £391,000 (2013: £70,000)

## **INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO THE BISHOP WHEELER CATHOLIC ACADEMY TRUST AND THE EDUCATION FUNDING AGENCY**

In accordance with the terms of our engagement letter dated 18 September 2014 and further to the requirements of the Education Funding Agency ('EFA') as included in the Academies Accounts Direction 2013 to 2014, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by The Bishop Wheeler Catholic Academy Trust during the period 1 September 2013 to 31 August 2014 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to The Bishop Wheeler Catholic Academy Trust and the EFA in accordance with the terms of our engagement letter dated 18 September 2014. Our work has been undertaken so that we might state to The Bishop Wheeler Catholic Academy Trust and the EFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than The Bishop Wheeler Catholic Academy Trust and the EFA, for our work, for this report, or for the conclusion we have formed.

### **Respective responsibilities of The Bishop Wheeler Catholic Academy Trust accounting officer and the reporting accountant**

The accounting officer is responsible, under the requirements of The Bishop Wheeler Catholic Academy Trust funding agreement with the Secretary of State for Education dated 28 February 2013 and the Academies Financial Handbook extant from 1 September 2013, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2013 to 2014. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1 September 2013 to 31 August 2014 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

### **Approach**

We conducted our engagement in accordance with the Academies Accounts Direction 2013 to 2014 issued by the EFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity. A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.

Our work included identification and assessment of the design and operational effectiveness of the controls, policies and procedures that have been implemented to ensure compliance with the framework of authorities including high level financial control areas and areas assessed of presenting a higher risk of impropriety. We undertook detailed testing, based on our assessment of risk of material irregularity, where such controls, policies and procedures apply to classes of transactions. This work was integrated with our audit on the financial statements to the extent evidence from the conduct of that audit supports the regularity conclusion.
